SGA Fall Budget:

Presentation by Treasurer Steckel

Senator Stallings- I saw that there seemed to be an outrageous amount of money set aside for lunch. Can you expand on that?

Treasurer Steckel- This is money set aside for us to purchase lunch with either President Kington & Angela Voos or DSA. We meet with them respectively every other Friday. It is also used for an enticement for them to meet with us.

Senator Stallings- I don't think student money should be going toward feeding the administration. We shouldn't have to use food in order to get them to meet with our student representatives

VP SA Epps- If we don't have food they are not going to come. Things are not going to get done if these meetings do not happen

Senator Logan: They should want to meet with us without food. What kind of statement are they making by saying they don't want to meet with us?

Senator Stallings: Okie

ACCESS Director Coleman- I am not satisfied with the current \$20,000 dollars allocated to the ACCESS budget. This is not what we had discussed. With the new director position as well as the many new employees we have, I don't think this will be enough

Treasurer Steckel- I have been working with the budget and for what we foresee 20,000 will be enough. However if you think it is unfair, where would you recommend taking money from within the budget.

ACCESS Director Coleman- Can't we take it from the reserves?

Treasurer Steckel- This is very unprofessional financial behavior. If the college saw that they were doing this they would not trust us.

ACCESS Director Coleman- I know that this is not going to be enough, we need the money

Senator Stallings- Can we take it from the 3,000 for food with the Administration?

Senator Logan- I would like to hear from what the Cabinet have to say about their meetings. They're are the ones that will be going without lunch

President White- To make things clear, most of the cabinet members and I do not think that it is necessary for us to provide food. We can easily bring our own lunches. That being said, some of us do have classes directly before and after these meetings.

Senator Tombou- Could you get lunch in the D-Hall?

Treasurer Steckel- We would still have to pay for everyone who does not have a meal plan and the administration which can be the same, if not more expensive.

Delegate Leuba: Collaboration between free sound & Stonewall Resource Center. In wake of the decimation of Bob's

VPSA Epps: Bob's is available, space is not an accessible on campus. There are also that stonewall resource center is inclusive even to members of the LGBT community

Delegate Leuba: This is an attempt to make this space more accessible, I am open to having this in Bob's in the future. Also if straight people do not feel safe in queer dominated space it is something that should be examined. Also straight privilege.
